

# Edible Yardworks *Classes*

Fridays 4:00 - 5:30pm in Petaluma

**Classes start in March 2010.**

Want to learn how to create an organic edible garden and eat it too? Not sure where to start? Join us to learn how to grow food beautifully in whatever space you have. From kitchens to patios to

full-blown yards, harness your creativity and satisfy your taste buds. We will also discuss cooking strategies for using your new local food source.

---

## **The classes cover topics including:**

- Why Grow your Own?
- Composting
- Natural Fertilizers
- Making Raised Beds
- Edible Flowers
- Lasagna Gardening
- Mulching
- Permaculture
- Water Catchment
- Natural Pest Controls
- Seasonal Cooking
- and much more!
